

Until and unless we have dedicated and committed teachers who can take teaching as a mission in their lives, we can't have a good educational system. Teachers should be the best minds of the country.

The heart of the teacher should be a lamp of knowledge burning bright, all the time his conduct should be simple and his ambition noble. His river of wisdom should not become stagnant, instead should flow like pure water. He should work hard, be broadminded and innovative.

Dr. Sarvepalli Radhakrishnan
